Dear Brothers & Sisters in Christ Jesus,

Godly Advice is a ministry working to help share the love of our Lord Jesus Christ in a new way. We believe that God has called us to put together this Magazine so that His Word may be heard far and wide with Power and Understanding to those who have an ear to hear. Our goal is to help encourage people to read the word of God. Turning people to his word to help bring them through life struggles. We have put together a chart to help the ministries that plan on contributing to the cause of spreading the word of God through this magazine an idea about what God has laid on our hearts to present to you. It seems as though much of society is being distracted by many things today taking their focus off of God and putting it on the problem. We want them to turn there focus back to God so that their problems are resolved.

Hear is the way things are planed out to work. Godly Advice will be designing editing and putting the magazine into a publication. All we need is the support of some Christian authors, writers, pastors, or theologians, to each submit an article dealing with the current topic the Holy Spirit is urging them to wright on. We are not going to be picky the article should be anywhere from 250 words to 3000 words. What ever fits the topic you are writing on. We suggest that the articles be about biblical living advice. Something to do with marriage, relationships, finances, family, forgiveness, faith, prayer, healing, addictions, human character, God's character, and so forth. Rely any topic that could be used as good life advice that would be like a revelation to someone dealing with a problem in that area. All articles that are approved by or editor will then have the opportunity to have there work published in our magazine. Once your Ministry has been notified by Godly Advice that the article has been approved. You will then have the option of choosing what level plan you would like to use to help us publish the magazine. All checks should be made out to Godly Advice and sent to our mailing address (listed above) at least 7 business days before last month of each season. We will be a seasonal magazine publishing a magazine for every season: spring, summer, fall, and winter.
